

# CAL 4K LIFTS

## Nexen MODEL: APOP

### £POA

Nexen order pickers feature compact design and high maneuverability, providing versatility and high performance in a wide array of inventory management applications across retail, warehousing and distribution. Nexen order pickers have been developed with high ethos on maximising productivity whilst minimising operating costs.

The AC controller offers regenerative braking, this extends operator run times along with the EPS system which gives improved steering response and drivability. Our order pickers feature
